

INVITATION TO BID
MANCOS WATER CONSERVANCY DISTRICT
JACKSON GULCH INLET CANAL REHABILITATION
2010 IMPROVEMENTS PROJECT

Owner: Mancos Water Conservancy District
42888 County Road N
Mancos, CO 81328

Engineer: Buckhorn Geotech, Inc.
222 South Park
Montrose, CO 81401

Sealed bids for Mancos Water Conservancy District, Jackson Gulch Inlet Canal Rehabilitation – 2010 Improvements Project will be received at the following date and location, when they will be publicly opened and read aloud:

Location: Mancos Water Conservancy District
42888 County Road N
Mancos, Colorado 81328

Time: 4:00 pm on Thursday, August 12, 2010

General Contractors:

The purpose of this contract is to pipe almost 875 linear feet of the canal, in two places. The pipe section will consist of two 72" diameter reinforced concrete pipes (RCP), side by side, giving nearly 1750 linear feet of pipe to install. The contractor will also remove existing structures, pour cast-in-place inlet and outlet transitions, bed and backfill the pipes and construct related site drainage and grading. The pipe will be manufactured and delivered under a separate RCP Material Bid. However, once the bid is awarded, the general contractor, under this contract, will assume responsibility for the pipe manufacturer's contract, unloading the pipe at the material storage site, transporting the pipe to the construction site and installing the pipe.

Anticipated project start is August 30, 2010 with substantial completion October 22, 2010 and Final Completion October 29, 2010.

A mandatory pre-bid conference for the General Contractors will be held at 10:00 am, Tuesday August 3, 2010, starting at the District Office. Representatives of the Owner and Engineer will be present to discuss the project. Bidders are required to attend and participate in the conference.

Reinforced Concrete Pipe (RCP) Material Bid:

To expedite the manufacturing and delivery of RCP, the Owner is requesting a separate RCP Material Bid price from qualified pre-cast manufacturers. **RCP Material Bids will be received at 2:00 pm, Tuesday August 3, 2010, at the District Office**, where they will be publicly opened and read aloud. Notice of Award of the RCP Material Bid is scheduled for August 13, 2010 with the first delivery of pipe set for September 7, 2010. A minimum of 15 pipe sections are to be delivered each consecutive work day until the completion of the order.

General Information:

Drawings, Specifications and other Contract Documents may be obtained by Contractors at the office of the Engineer after July 18, 2010. There will be a charge of \$20 per set on a non-refundable basis for each and every set of plans ordered or obtained by a firm for bidding or informational purposes.

The Contract Documents may be examined at the following locations:

Buckhorn Geotech, Inc., 222 South Park, Montrose, CO
Mancos Water Conservancy District, 42888 County Road N, Mancos, CO
